Gyprock Alto™ Cornice

Alto is part of Gyprock's Inspirations range of cornice profiles. Gyprock Alto cornice presents a modern profile with smooth surfaces making it the perfect choice for contemporary living. A clever 10mm step along the ceiling edge creates a crisp shadow that perfectly complements a modern designer space. The 90mm cornice profile delivers a simple and striking presence to any room.

For a more simple style in utility rooms and bedrooms, [Gyprock Aria](#) is the ideal complementary cornice choice.

To see how Alto can enhance your room check out our [cornice visualiser](#) and download our [HomeStyle magazine](#) for great ideas and style tips to create the look you love.

Plasterboard cornice is extremely easy to cut, join and paint with no special tools or fixing equipment required, making it a cost-effective way to create great ambience at home.

Consider cornice when you are planning a new home to add detail and a personal touch. For a complete look, keep your architecture and door hardware in theme with your cornice style.

Cornice Manufacture

Gyprock Alto cornice is composed of gypsum plaster encased in a strong linerboard and is manufactured to stringent product specifications.

Installation

Comprehensive installation instructions for Gyprock cornice can be found under the [Resources](#) tab and include:

- [DIY installation guides](#)
- [DIY installation videos](#)
- [Residential Installation Guide](#)

For assistance with installation, try searching for a Gyprock plasterer, builder or repairer under the [Locations](#) tab.

Painting and Decoration

Finishes applied to cornice surfaces can have a significant effect on the perceived quality of the installation, particularly where critical lighting conditions exist.

- Matt finishes minimise imperfection visibility
- Semi-gloss and gloss finishes highlight imperfections
- Light colours are less likely to show imperfections

Gyprock recommends paint systems consisting of one coat of a plasterboard sealer followed by two coats of finishing paint. Always follow the manufacturer's instructions for application and recoating.

Gyprock recommend decoration in line with [Master Painters Australia](#).

Material Safety

MSDS

A [Material Safety Data Sheet](#) for Gyprock cornice is available from the Gyprock website under the [Resources](#) tab.

Handling

For guidelines on the safe handling of Gyprock cornice, reference should be made to the Gypsum Board Manufacturers of Australasia (GBMA) publication *"Move it the GBMA Way – A Safe Manual Handling Guide for the Plasterboard Industry – Training Guide"* (Reference SS172).
