

Gyprock Aria™ Cornice

Aria is part of Gyprock's Contemporary range of cornice profiles. Gyprock Aria features a slimline profile with a subtle centre deflection design. A compact 75mm cornice, Aria echoes contemporary architecture at its best.

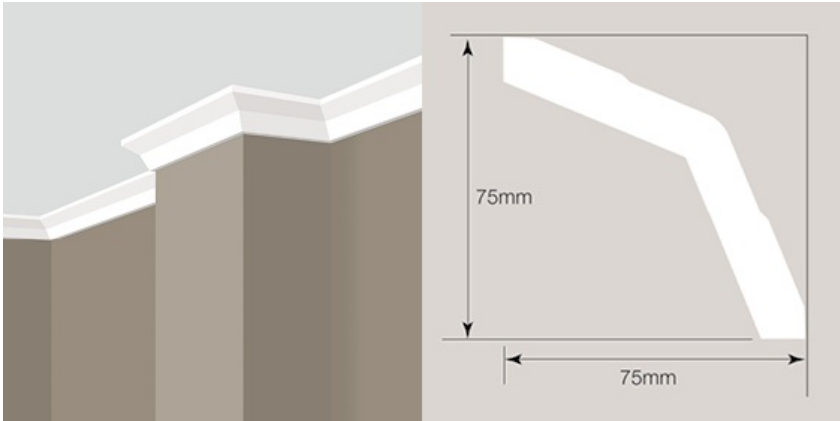

The smooth, streamlined profile of Aria is perfect for spaces that define contemporary elegance. This timeless cornice design never goes out of style.

If you are looking for a complementary cornice to add extra dimension to a special area in your home, [Gyprock Alto](#) is the perfect companion to Aria.

To see how Aria can enhance your room check out our [cornice visualiser](#) and download our [HomeStyle magazine](#) for great ideas and style tips to create the look you love.

Plasterboard cornice is extremely easy to cut, join and paint with no special tools or fixing equipment required, making it a cost-effective way to create great ambience at home.

Consider cornice when you are planning a new home to add detail and a personal touch. For a complete look, keep your architecture and door hardware in theme with your cornice style.

Cornice Manufacture

Gyprock Aria cornice is composed of gypsum plaster encased in a strong linerboard and is manufactured to stringent product specifications.

Installation

Comprehensive installation instructions for Gyprock cornice can be found under the [Resources](#) tab and include:

- [DIY installation guides](#)
- [DIY installation videos](#)
- [Residential Installation Guide](#)

For assistance with installation, try [searching for a Gyprock plasterer, builder or repairer](#) under the [Locations](#) tab.

Painting and Decoration

Finishes applied to cornice surfaces can have a significant effect on the perceived quality of the installation, particularly where critical lighting conditions exist.

- Matt finishes minimise imperfection visibility
- Semi-gloss and gloss finishes highlight imperfections
- Light colours are less likely to show imperfections

Gyprock recommends paint systems consisting of one coat of a plasterboard sealer followed by two coats of finishing paint. Always follow the manufacturer's instructions for application and recoating.

Gyprock recommend decoration in line with [Master Painters Australia](#).

Material Safety

MSDS

A [Material Safety Data Sheet](#) for Gyprock cornice is available from the Gyprock website under the [Resources](#) tab.

Handling

For guidelines on the safe handling of Gyprock cornice, reference should be made to the Gypsum Board Manufacturers of Australasia (GBMA) publication *"Move it the GBMA Way – A Safe Manual Handling Guide for the Plasterboard Industry – Training Guide"* (Reference SS172).

Be inspired by projects that include Gyprock Aria.

The clean and simple lines of Aria perfectly complement the geometric shapes and Scandinavian style of this kids bedroom. See more in our latest edition of [HomeStyle magazine](#)

The soft, clean lines and unobtrusive detail of Aria add to the pared-back, gracious style of this bedroom giving it a contemporary and warm feel. See more about this room in the first edition of our [HomeStyle magazine](#)

The compact, 75mm profile and simple styling works perfectly in kitchens like this with modern décor and trims.
