

Gyprock® Product Datasheet

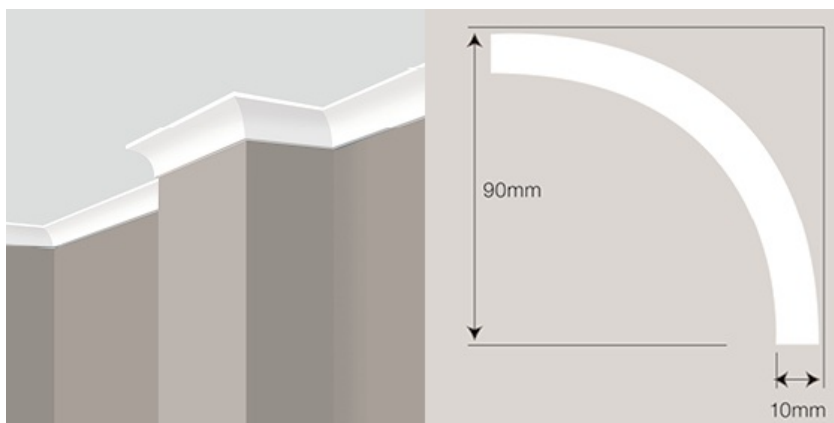

Gyprock® Cove Cornice

The simple curved design of Gyprock Cove has made it the standard for Australian builders. This functional profile is available in a range of sizes and creates a gentle transition between the wall and ceiling without making a major statement.

To see how Cove affects the style of your room check out our [cornice visualiser](#).

Plasterboard cornice is extremely easy to cut, join and paint with no special tools or fixing equipment required, making it a cost-effective way to create great ambience at home.

Consider cornice when you are planning a new home to add detail and a personal touch. For a complete look, keep your architecture and door hardware in theme with your cornice style.

Cornice Manufacture

Gyprock Cove cornice is composed of gypsum plaster encased in a strong linerboard and is manufactured to stringent product specifications.

Installation

Comprehensive installation instructions for Gyprock cornice can be found under the [Resources](#) tab and include:

- [DIY installation guides](#)
- [DIY installation videos](#)
- [Residential Installation Guide](#)

For assistance with installation, try searching for a Gyprock plasterer, builder or repairer under the [Locations](#) tab.

Painting and Decoration

Finishes applied to cornice surfaces can have a significant effect on the perceived quality of the installation, particularly where critical lighting conditions exist.

- Matt finishes minimise imperfection visibility
- Semi-gloss and gloss finishes highlight imperfections
- Light colours are less likely to show imperfections

Gyprock recommends paint systems consisting of one coat of a plasterboard sealer followed by two coats of finishing paint. Always follow the manufacturer's instructions for application and recoating.

Gyprock recommend decoration in line with [Master Painters Australia](#).

Material Safety

MSDS

A [Material Safety Data Sheet](#) for Gyprock cornice is available from the Gyprock website under the [Resources](#) tab.

Handling

For guidelines on the safe handling of Gyprock cornice, reference should be made to the Gypsum Board Manufacturers of Australasia (GBMA) publication "*Move it the GBMA Way – A Safe Manual Handling Guide for the Plasterboard Industry – Training Guide*" (Reference SS172).

Be inspired by projects that include Gyprock Cove.

The simple curved design of Cove makes it right at home in any room.

Cove is a simple, classic cornice suited to understated utility rooms such as bathrooms and laundries.

Gyprock products are manufactured for life with all CSR products designed to achieve optimal performance when part of a CSR integrated system
